

“W/P/S – LIVE Lockdown” NYS HANDICAPPING CHAMPIONSHIP Tournament - Rules & Regulations

1. W/P/S – LIVE Lockdown is a game of skill, for active account holders ONLY, with ADW wagering activity mandated on the day of this tournament. The object of W/P/S – LIVE Lockdown is to utilize a \$50 mythical bankroll via win, place, show wagers, and compile the highest total accumulative bankroll of mythical winnings. Official race results and pari-mutuel payouts are applied to mythical contest wagers to determine winners, tournament players have until 0 MTP to enter picks in respective/applicable tournament races.
2. Players who enter successful contest wagers will have the payout added to a separate “winnings” bankroll. Contestants with the highest total bankroll will qualify for the 1st place prize. At least ½ of each W/P/S – LIVE Lockdown contest will be New York racing content. Account holders MUST have wagering activity through their participating ADW account on the day of this contest to qualify for any prizes.
3. Participating contestants are mandated to have one (1) and only one (1) mythical wager in every race of the contest. Players will only have the option to enter a mythical wager from the \$50 bankroll – subsequent winnings from that \$50 bankroll will not be applied for wagering purposes in the contest. Any of the \$50 mythical bankroll left over at the end of the contest will not be applied to the winnings that determines contest winners. IE – if a player has \$10 left over after the final race, it will not be applied to the winnings listed on the contest leader board.
4. Players will have a primary selection, and a secondary selection for backup in the event of scratches/changes. In the event of both selections being scratched, the player will inherit post time favorite (of whatever bet they placed – IE, a \$4 win bet – they inherit the favorite to Win for \$4)
5. Players must place a tournament wager in every race or face a penalty. Players that do not place at least a \$2 wager in each race will be penalized \$4 from whatever is left in their bankroll. If less than \$4 is left in their bankroll than \$25 is deducted from their winnings. (IE – if a player bets \$50 in race one and wins \$250, \$25 will be deducted from their bankroll for each remaining race in the tournament). If a player skips race one, \$4 is deducted from their bankroll leaving them with \$46 dollars. Win/Place/Show payouts will be capped at 20-1 within the system. So if a player bets \$20 on a 30-1 entry, the most they can earn for the tournament is a 20-1 payout.
6. Deadline to register for W/P/S – LIVE Lockdown is 9am the same day of the contest. If the account cannot be verified or is not in good standing, the registrant will be purged from competition. W/P/S – LIVE Lockdown contests will open by 10:30am the same day of the contest. The deadline to enter/cancel selections is the (contest races) race post time. In the event that your 1st and 2nd selection is scratched, you will be awarded the post time favorite in that respective race and wager. If the post time favorite is a coupled entry, the contestant receives the entire entry and is credited with the best result of the horses from that entry in the applicable wager/s.
7. In the event that a contestant selects a wager that is no longer available in a contest race due to scratches, and/or disqualification, the amount of that wager is refunded the player’s contest bankroll and an N/A shall be displayed.
8. All W/P/S – LIVE Lockdown contests will feature New York based racing in at least 50% of the participating entry fields. In the event of a cancellation of any track with content in an applicable WPS tournament, the tournament is voided and all prior/future selections are cancelled from competition. All prizes will be carried over to the next online W/P/S – LIVE Lockdown contest. In the event of a tie of total pricing for 1st, 2nd, and/or 3rd place participants, the submitted tiebreaker dollar amount will decide the winner. If there is still a tie, the prize/s will be awarded to the player with the most successful (produced a pari-mutuel payout) tournament wagers. In the event a tie still exists, prize/s will be awarded to the player that submitted their final series of selections 1st on the contest timeline.
9. In the case of a dead heat, official race results will determine if an entrant's selection is successful. (Example: If there is a two- horse dead heat for show, a minimum of four horses would be declared successful in meeting one of the contest requirements of finishing first, second or third, scoring will be based on resulting pari-mutuel payout). Disqualified entries are eliminated from competition, and players with DQs do not inherit the post time favorite.
10. If no individual entrant successfully chooses any mythical wagers in each race in the contest, nothing is awarded and contest prizes are carried over to the following W/P/S – LIVE Lockdown online contest.
11. Any effort to submit multiple selections under an assumed name or account number, or to otherwise defraud this contest subjects contestants to immediate elimination. All contest results are final and binding in all respects, all decisions by contest management are final.
